

Quick Guide to Installing and Activating NinjaTrader Lifetime

With this guide, you can install NinjaTrader and activate your **Lifetime account**.

For the full step-by-step video tutorial, please visit the link below:

[🔗 Watch the video tutorial](#)

1. Installing the Software

1. Extract the installation file from the ZIP archive and run it.
 2. Follow the installation steps (Next → Next → Finish), just like installing any regular software.
 3. Once installed, launch the software.
-

2. Logging Into Your Account

1. After launching the software, the first step is to enter your email.
 2. Next, click on **Diagnose Your System**.
 3. Then click on **Generate** — the program will automatically create a unique password for you.
-

3. Activating Your Lifetime Account

1. To finalize the activation of your NinjaTrader account and unlock your Lifetime plan, log in to your Gmail account and click on the link: **Activate Your NinjaTrader Lifetime Plan Account**.
 2. Now you can log into the main NinjaTrader software using the username and password generated for you.
-

4. Getting Started with NinjaTrader

- From the top menu, select **New → Chart**.
 - Choose a symbol (for example: **BTCUSDT** or **ES**).
 - To view a **Footprint chart**, enable the corresponding indicator from the Indicators section.
-

✓ That's it!

You can now enjoy unlimited access to the **Lifetime version** of NinjaTrader.
